

# Fantasmas

Ambar Lucid

Destiny left its mark in the room  
It's got me open wide, now I'm waking at noon

How can I forget your presence  
When having you around just isn't so pleasant?

Aquí nunca hay soledad  
Mil fantasmas gritan a encalmar  
I've seen somewhere in between  
Mil fantasmas gritan en soledad

I think we both know, you've noticed it too  
It isn't just you and me alone in this room

How can I forget your presence  
When having you around just isn't so pleasant?

Aquí nunca hay soledad  
Mil fantasmas gritan a encalmar  
I've seen somewhere in between  
Mil fantasmas gritan en soledad

Tu fantasma vive aquí  
Why'd it take so long for you to see?

Aquí nunca hay soledad  
Mil fantasmas gritan a encalmar  
I've seen somewhere in between  
Mil fantasmas gritan en soledad
