

Garden

Ambar Lucid

Welcome to the garden
Please don't be disheartened
Once you perceive
Insincerity

Careful, Lucy knows
How to deceive those with blindfolded souls

Oh, this is how it occurs
Oh, they'll attempt to deter
The enchanting of the garden
Don't allow your soul to get darker, oh

Aquí hay mucha belleza
Pero también tristeza
Existencias así, como ese jardín

Careful, Lucy knows
How to deceive those with blindfolded souls

Oh, this is how it occurs
Oh, they'll attempt to deter
The enchanting of the garden
Don't allow your soul to get darker, oh

Que vas a hacer con el jardín
Cómo dejarás que salgas en el fin
Will you allow the garden to speak
The trees they have spoken, what did you achieve?

Oh, this is how it occurs
Oh, they'll attempt to deter
The enchanting of the garden
Don't allow your soul to get darker
