Lizard

Ambar Lucid

I've got a lizard in my hand right now
No, I don't give a fuck 'bout what you gotta say to me
What you gotta say to me
I'm a little difficult right now
But it's all okay 'cause I'm feeling my freedom
I'm feeling so free now

And now you mention some things (mention some things)
Got lost in her presence (oh presence)
Her aura so pleasant (her aura so pleasant)
Why are we connected? (We're connected baby, oh)

I was staring at my old tattoo then I thought of you
I think I saw you blinking, think I saw you blinking
(Saw you blinking, yes, I'm tripping)
I've been smoking just a little too much but it's all okay
'Cause it has me thinking, it has me thinking

Turn around, look back at the images I was showing
Turn around, look back at the amount that we're growing
Turn around, look back, take the glass out where we're going, going

I've got a lizard in my hand right now
No, I don't give a fuck about what you gotta say to me
What you gotta say to me (ay, ay, yeah, yeah, yeah)
I'm a little difficult right now
But it's all okay 'cause I'm feeling my freedom, I'm feeling so free now

And [?]
Got lost in her presence (got lost in her presence)
Her aura so pleasant (aura so pleasant)
Why are we connected? (We're connected, baby oh)

I was staring at my old tattoo then I thought of you
I think I saw you blinking, think I saw you blinking
(Yes, I'm tripping)
I've been smoking just a little too much but it's all okay
'Cause it has me thinking (it has me thinking), it has me thinking (it has me think, thinking)

I've got a lizard in my hand right now
No, I don't give a fuck 'bout what you gotta say to me

I'm a little difficult right now
But it's all okay 'cause I'm feeling my freedom
