

## Somewhere in Between

Ambar Lucid

I must admit that it's been a while  
Since I've seen or even felt a bit of desire  
I'm not so sure if you're truly aware  
I'm trying my best but really I'm just filled with despair

There's just something that changes my mind  
I get the same message sent to me just about every night  
Si te pidiera que me busques would you find me  
I left the same message that always leaves my third eye blinded  
Si tu quisieras I'll lie just a little  
I'll drop my message in a bottle to meet in the middle

I'm hoping you'll never forget  
The love that I have  
Losing you would just be my biggest regret  
So baby let's meet somewhere  
Just close your eye and lose your despair  
Without you I'm not going anywhere

There's just something that changes my mind  
I get the same message sent to me just about every night  
Si te pidiera que me busques would you find me  
I left the same message that always leaves my third eye blinded  
Si tu quisieras I'll lie just a little  
I'll drop my message in a bottle to meet in the middle
