

Timeless

Ambar Lucid

La, lalalala, lalalala, lala, lala
La, lalalala, lalalala, lala, lala

It was just another Sunday for me
Wasn't looking for a lover, but he
Caught me by surprised, intoxicated by his eyes
Turned me on telepathically

Que delicia es besarte y sentirme infinito
Con tus labios mágicos vuelo a otro mundo
Transcendiendo entre tu ser, enamorándome
En sólo segundos

We're timeless
Cosmically aligned our love is mindless
Consciousness expanding through our kindness
Estoy nadando en tu océano de amor
We're timeless
Kisses on my neck leaving me boundless
Consciousness expanding through our kindness
Estoy nadando en tu océano de amor

Tu palabras acarician mi luz
Tu aura es un bello tono de azul
Sol en leo apasionado por me
Powerfully charging my creativity

We're timeless
Cosmically aligned our love is mindless
Consciousness expanding through our kindness
Estoy nadando en tu océano de amor
We're timeless
Kisses on my neck leaving me boundless
Consciousness expanding through our kindness
Estoy nadando en tu océano de amor

La, lalalala, lalalala, lala, lala
La, lalalala, lalalala, lala, lala

Con tus labios mágicos vuelo a otro mundo
Transcendiendo entre tu ser, enamorándome
