

# Goodnight

Amber Lawrence

Goodnight, goodnight, I'll see you in the morning  
I'll be here for breakfast when you open up your eyes  
Goodnight, goodnight, I'll see you in the morning  
Head down on the pillow, I'm turning out the light

Goodnight, goodnight, I'll see you in the morning  
Drift away to dreamland with the moon up in the sky  
Goodnight, goodnight, I'll see you in the morning  
Snuggle under covers, I'm turning out the light

La-la-la-la, la-la-la-la-la-la-la  
La-la-la-la-la-la, la-la-la-la-la  
La-la-la-la, la-la-la-la-la-la-la  
La-la-la-la-la-la, la-la-la-la-la

Goodnight, goodnight, I'll see you in the morning  
Don't wake up too early, wait for the sun to shine  
Goodnight, goodnight, I'll see you in the morning  
One last little cuddle, I'm turning out the light  
One last little cuddle, one last kiss goodnight
