

Huge

Amber Lawrence

Life has it's twists and turns
More unpredictable than the weather
We make the small things small
And the big things bigger

In the paper yesterday
Told a story bout a woman
The second chance she'd been given
Got me thinking

(Chrous)
To make the big things small
And the small things bigger
And what's real won't really matter
And what's good gets better
Whoa, whatever you do
Make each moment huge
Whoa, whoa
Huge
Whoa, whoa

She told me

I don't put off until tomorrow
What can be done today
Don't let the path you follow
Lead the way

Her story read like many
She had it all, yet she had nothing
A new life she was given
And now she's living

Make it sunny, make it something

Whistle solo

Don't worry be happy
