

# Outrageous

Amber Lawrence

[Verse 1]

I wanna wake up everyday and love the job Im in  
Sing a little song, write a little tune, keep it all rolling  
I dont have a plan B, just because I should, at the end of the day

Whatever they say is advice I never took

I guess Im stubborn like that

[Chorus]

Call it outrageous, courageous, stupid, brave and fearless  
Do what you wanna, dont listen to your mother  
Say its crazy, cause maybe its just way it should be  
Have you ever been told youre never gonna make it?  
Ha, thats outrageous

[Verse 2]

Theres a little boy, with a big plan, looking up at the sky  
He said Ill make it one day with the rocket I made  
Im gonna learn to fly  
Hell be teased, told that dream will never be realised  
When he reaches fame, theyll call his name and claim to know that guy

Oh yeah, lifes funny like that

[Chorus]

Call it outrageous, courageous, stupid, brave and fearless  
Do what you wanna, dont listen to your mother  
Say its crazy, cause maybe its just way it should be  
Have you ever been told youre never gonna make it?  
Ha, thats outrageous

[Bridge]

To love what you do  
And to break all the rules  
Say Im not gonna rest  
Til Ive done best  
Take every shot, live outside the box  
Dont ever want to miss the chance to be outrageous, courageous

[Chorus]

Call it outrageous, courageous, stupid, brave and fearless  
Do what you wanna, dont listen to your mother  
Say its crazy, cause maybe its just way it should be  
Have you ever been told youre never gonna make it?  
Ha, thats outrageous
