

Sand Was Everywhere

Amber Lawrence

We went to the beach on a hot summer's day
We went for a swim and got carried away
We packed up our towels as the sun went down
And this is what we found

Sand in the sandwiches
Sand in our toes
Sand in the car
And right up our nose
Sand on our ice cream
Sand in our hair
The sand was everywhere

Then we went to the desert
To see the outback
Took a four wheel drive, down an old bush track
As we watched the big, red sun go down
This is what we found

Sand in the sandwiches
Sand in our toes
Sand in the car
And right up our nose
Sand on our ice cream
Sand in our hair
The sand was everywhere

Ah, why is my sandwich crunchy?
I got sand in my sandshoes and my sandals
Sand is everywhere

Oh there was sand in the sandwiches
Sand in our toes
Sand in the car
And right up our nose
Sand on our ice cream
Sand in our hair
The sand was everywhere

(Everybody) There was sand in the sandwiches
Sand in our toes
Sand in the car
And right up our nose
Sand on our ice cream
Sand in our hair
The sand was everywhere
Oh yeah, the sand was everywhere
