

Try to stand up in our light
You could try, but it burns bright
It don't give up on a fight
I demand, deserve respect
Come correct and I may check
Then consider you're so blessed
Spark another cigarette
As we take down all these threats
This one for the suffragettes
And I know that all the men
Gon' say this song's about them
My God, here we go again
Like to show a little chest
'Cause it got me feelin' sexy
Me and my crew
Niggas starin' on the left but that don't mean that you can touch it
This ain't for you
On top of that, calling cats
From your truck that picks up trash
Boy, you dumb if you think
That gon' make me suck your (Ay)
Type of stuff we deal with
Man, this world is deep in shit
And don't forget it's 'cause these idiotic men like you exist

I'ma flex on the floor
That don't mean I'm askin' for it
I'ma flex on the floor
That don't mean I'm askin' for it
I'ma flex on the floor
That don't mean I'm askin' for it
I'ma flex on the floor
That don't mean I'm askin' for it

I'm not your average dumb daughter
Come at me, I come back harder
If I want sex, I'll ask for it, this ain't 1894
Get out my way

'Bout to pull up in the club
'Bout to tear this whole place up
Dance until we've had enough (Yeah)
Got my ladies walkin' in
And I'm here with all of them
Don't be tryin' to run in (Yeah)
Yes, I know we lookin' fine
Watch the way we bump and grind
Tryna pull up from behind (Woo, woo)
Don't make me tell you once again
This ain't about all you men
Have you not learned your lesson?
Like to show a little chest
'Cause it got me feelin' sexy ('Cause it got me feelin' sexy)
Me and my crew
Niggas starin' on the left but that don't mean that you can touch it (That d
on't mean that you can touch it)
This ain't for you

All my hunnies get so dressed
Lookin' snatched, I'm impressed
Don't forget that what they think is we do it for all of them
As if our body lookin' tight so I could reel all of them
But, in reality, we do it for the inner feeling (Woo)

I'ma flex on the floor
That don't mean I'm askin' for it
I'ma flex on the floor
That don't mean I'm askin' for it
I'ma flex on the floor
That don't mean I'm askin' for it
I'ma flex on the floor
That don't mean I'm askin' for it

I'm not your average dumb daughter
Come at me, I come back harder
If I want sex, I'll ask for it, this ain't 1894
Get out my way

Like to show a little chest
'Cause it got me feelin' sexy (Got me feelin' sexy)
Niggas starin' on the left but that don't mean that you can touch it (That d
on't mean that you can touch it)
Boy, act your age
Get out my way (Get out my way)
(Brrr)
