

Bliss

Amber Mark

Conversations sexual tension
Taking me to new dimensions
Outer space nice
Nights at my place
Oh

You teach me things I never knew
A crush don't have to leave a bruise
My soul is shining
Changed my life with
Perfect timing

Oh
Didn't know what love is
Till I found my Bliss
Came up out the blue like
Shit that hits

Oh
Didn't know what love is
Till I found my Bliss
Came up out the blue like
Shit that hits

Downstairs my apartment
Met you now I'm falling
Know I been through gauntlet
At times I've been heartless
Might be over my hardships
I still listen to hard shit
Meet me in garden
Right back where
We started

All I really wanna do is stop time
Didn't really plan on getting this high
My soul is shining changed my life with
Perfect timing

Oh
Didn't know what love is
Till I found my Bliss
Came up out the blue like
Shit that hits

Oh
Didn't know what love is
Till I found my Bliss
Came up out the blue like
Shit that hits
