

# Competition

Amber Mark

I found you a bag when you needed cash  
Didn't even ask for the money back, save it  
You know I got your back, baby  
You already know, got a heart of gold  
Don't go sell your soul  
Don't go sell your soul, baby  
What we got, I'm tryna save it  
Oh-oh, oh-oh, oh

This is not a competition  
You are not the opposition  
I just wanna see you win  
Don't put me in this position  
This is not a competition, come on, baby, let me in  
Wanna be the greatest  
Want someone to share it with, oh, I  
I feel like we can make it, I know that we can make it

Set apart, lookin' at the stars  
Had to raise the bar  
Oh Lord, I'm on a different speed, in the foreign car  
Let's go, I'm a different breed, had to leave a mark  
Y'all know, grew up overseas, speakin' different languages  
I been here all along with it  
It's here for you, so come get it  
When I'm on top, we all spendin', we all spendin' (Yeah, yeah, yeah, yeah)

This is not a competition  
You are not the opposition  
I just wanna see you win  
Don't put me in this position  
This is not a competition, come on, baby, let me in  
Wanna be the greatest  
Want someone to share it with, oh, I  
I feel like we can make it, I know that we can make it

This is not a competition  
('Tition, 'tition, 'tition, 'tition, 'tition, yeah, yeah, yeah, yeah)  
You are not the opposition  
(Alright)  
Damn, I really made it (Damn, I really made it)  
Damn, I really made it (Damn, I really made it)  
Know I really made it (We made it)  
Damn, I fuckin' made it, yeah, yeah (We made it)  
Damn, I really made it (Damn, I really made it)  
Damn, I really made it (Damn, I really made it)  
Know I really made it (We made it)  
Fucking made it, yeah (Damn, I really made it)

I swear (I swear)  
Anything you want in this life, you can have it  
First, you gotta dream it  
Then you gotta live that shit  
It's like clockwork, tick-tock work  
And if you can do this with your friends, family, you made it
