

# Competition

Amber Mark

I found you a bag  
When you needed cash  
Didn't even ask  
For the money back  
Save it  
You know I got your back, baby

You already know got a heart of gold  
Don't go sell your soul  
Don't go sell your soul  
Baby  
What we got I'm tryna save it

Oh...

This is not a competition  
You are not the opposition  
I just wanna see you win  
Don't put me in this position  
This is not a competition  
Come on, baby, let me in

Wanna be the greatest  
Want someone to share it with  
Oh, I feel like we can make it  
Know that we can make it

Set apart  
Looking at the stars  
Had to raise the bar  
Oh Lord  
I'm a different speed  
In a foreign car  
Let's go  
I'm a different breed  
Had to leave a mark  
Ya'll know  
Grew up overseas  
Speaking different languages

I've been here all along with it  
It's here for you so come get it  
When I'm on top we all spending  
We all spending  
Yeah, yeah, yeah

This is not a competition  
You are not the opposition  
I just wanna see you win  
Don't put me in this position  
This is not a competition  
Come on, baby, let me in

Wanna be the greatest  
Want someone to share it with  
Oh, I feel like we can make it  
Know that we can make it

This is not a competition  
You are not the opposition

Damn, I really made it (Damn, I really made it)  
Damn, I really made it (Damn, I really made it)  
No, I really made it (We made it)  
Damn, I fuckin' made it (We made it)

Damn, I really made it (Damn, I really made it)  
Damn, I really made it (Damn, I really made it)  
No, I really made it (We made it)  
Fuckin' made it, yeah (Damn, I really made it)

I swear anything you want in this life  
You can have it  
First you gotta dream it  
Then you gotta live that shit  
It's like clockwork  
Tick tock  
And if you can do this with your friends, family  
You made it...
