

# Event Horizon

Amber Mark

I try, mm

What is the end  
When there's no time?  
Will it be alright (With)  
Without light?

'Cause I  
I try to feel you

As I fall  
I hear nothing at all

Are you still flying?  
Are you still guiding me home?  
Will you be shining  
At the event horizon?

Will you (Oh, you)  
Be shining (Oh, you)  
At the event horizon?
