

# FOMO

Amber Mark

I've been  
So stuck up on all of these drama feelings  
Cooped up in my room thinkin' 'bout problems  
Getting  
Getting nowhere  
Nowhere

Sometimes stressing on these things that  
Take up my whole mind  
But there is a time and a place  
Know that  
I need to know that  
I should just let it go now

Ooh-ooh, yeah-yeah

Fill up my cup  
Made up my mind  
Won't miss out on living happily  
It's about time  
I'm gon' lose control

No time for FOMO  
No mo'  
FOMO

Some days take a lot effort for me to stay away  
I end up regretting staying home  
What's the point  
When all my friends are out  
And about?

They say, "Just come out for one drink"  
Won't you celebrate  
I end up missing out on these moments  
Special moments  
I'll never get 'em back  
Get 'em back, baby

Fill up my cup  
Made up my mind  
Won't miss out on living happily  
It's about time  
I'm gon' lose control

No time for FOMO  
No mo'  
FOMO

I really try to live it all up  
No time for fakin'  
If you could just fill up my cup  
It's feelin' vacant  
Keep focusing on how I come up  
Gotta be patient  
Seems that it is never enough  
Am I mistaken?

See my friends in their stories  
Can't keep living through their stories  
Ask myself if I am happy  
Living life through all their glory

Oh mama, please  
Talk to me  
Could you tell me if the things  
That I'm doing?  
Is gonna really help or will it keep hurting  
When I lock myself up in my little room for weeks?  
Cause every time I do  
I see my crew  
And I get so very blue  
To be with you  
It is driving me crazy  
Finna be what is happy

Aye, fill up my cup  
Made up my mind  
Won't miss out on living happily  
It's about time  
I'm gon' lose control  
(I'm gon' lose it)

No time for FOMO  
No mo'  
FOMO

Fill up my cup  
Made up my mind  
Won't miss out on living happily  
It's about time  
I'm gon' lose control

No time for FOMO  
No mo'  
FOMO
