Generous

Amber Mark

Tonight I'm feeling generous
You're always catering to me so let me put you first
Yeah I got, uh
Yeah I got, uh
Yeah

Generous feelings
Whatever you desire
Sit back and receive it
It's about you tonight yeah
First lemme give your eyes a taste
What's underneath this lingerie

So many reasons
To give you what you deserve
Don't lift a finger
I'm gonna put in the work lemme focus on you
Finna get that 50 shades yeah
Say what it is and I'll obey yeah

I ain't seen you in like 7 days
I just wanna stay in for the weekend and get faded
Turning off my phone yeah
Putting on some slow jams
Taking off ya clothes yeah
It's on yeah
It's on yeah

Tonight I'm feeling generous
You're always catering to me so let me put you first
Yeah I got 50,000 ways to make your eyes roll back
Have you talking to yourself like how she ride like that

Pop another Perignon I'm feeling generous
You look so good you make me wanna throw a million ones
Yeah I got 50,000 ways to make your eyes roll back
Have you talking to yourself like how she ride like that yeah

Experimental, you wanna play some roles
Get presidential, I'll be the Marilyn giving the cake to you
Like a movie in black and white
Move to the music, throwing it back in time

I ain't seen you in like 7 days
I just wanna stay in for the weekend and get faded
Turning off my phone yeah
Putting on some slow jams
Taking off ya clothes yeah
It's on yeah
It's on yeah

Tonight I'm feeling generous
You're always catering to me so let me put you first
Yeah I got 50,000 ways to make your eyes roll back
Have you talking to yourself like how she ride like that

Pop another Perignon I'm feeling generous

You look so good you make me wanna throw a million ones
Yeah I got 50,000 ways to make your eyes roll back
Have you talking to yourself like how she ride like that yeah

Ooh yeah
I got
You know I got
