

Stop Calling Me

Amber Mark

This room I've been living in
Looks like a tornado came and turned it upside down
My head don't know where it's been
Tore my way through everything, it's nowhere to be found

I got enough of my own shit to cope with
You don't seem to notice
I might throw my phone into the ocean
Cuz I already told ya

Stop calling me
Calling me
Baby
Cause I don't wanna deal
With you and your feels
Stop calling me
Calling me
Baby
Cause I don't wanna deal with you and your feelings
