

Too Much

Amber Mark

Is it too much if I'm thinking about you daily?
It isn't too much late night calling me up all wavy
Stop playing, you know I'm your favorite
Let's not complicate it
Boy, you gotta say it isn't too much

I got to let you know
The tension is killing me
Let's cut the back and forth
You know that it's only you I need
Your loving on me
And I just can't fight the feeling, so get up to my speed
It's like, it's like

It started when we were younger, you were mine
There was only one thing we needed, it was time
I had dreams of the biggest diamond
A king size bed that we never lied in
And look at what you did, boy, you brought the tide in
And now I wanna know

Is it too much if I'm thinking about you daily?
It isn't too much late night calling me up all wavy
Stop playing, you know I'm your favorite
Let's not complicate it
Boy, you gotta say it isn't too much

What, what I want I need now
Well, is it too much to ask for you to tell me maybe?
'Cause this type shit drive me crazy
And I don't need you to play me
But it's not like you're running off to find another lady
It's like

It started when we were younger, you were mine
There was only one thing we needed, it was time
I had dreams of the biggest diamond
A king size bed that we never lied in
And look at what you did, boy, you brought the tide in
And now I wanna know

Is it too much if I'm thinking about you daily?
It isn't too much late night calling me up all wavy
Stop playing, you know I'm your favorite
Let's not complicate it
Boy, you gotta say it isn't too much
