

# What If

Amber Mark

They say there's no such thing as going to this  
Million people, tell me baby what are the chances  
That we connected  
It had to happen exactly that way  
I had to do it, had to make those mistakes  
It's true 'cause it led me to you

What if, what if, if I never felt heartbreak at all  
What if, what if, never knew what it felt like to fall  
What if, what what if, tell me how would I know if it's love  
If it's love

As I attempt to stage a new love affair, a destined romance  
Tell me, baby what are the chances  
We stay connected  
I have to keep him entwined in my heart  
If it were my choice, I would never let go, it's true  
Gotta hope this is true

What if, what if, if I never felt heartbreak at all?  
What if, what if, never knew what it felt like to fall?  
What if, what what if, tell me how would I know if it's love?  
If it's love

What if, what if  
What if, what if  
How will I know, how will I know

What if, what if, if I never felt heartbreak at all?  
What if, what if, never knew what it felt like to fall?  
What if, what what if, tell me how would I know if it's love?  
Love

What if, what if  
What if, what if  
What if, what what if  
Love
