

# The Good Life (Matt's Version)

Amber Pacific

I found a new life with you here  
A life that will burn bright through the years  
I can tell in the way you look, the signals are so clear  
I want a big house in the hills  
But I don't need that life to make me feel  
Like I'm part of the crowd who turns their backs to what is real

Whoa, whoa yeah, it's a good day  
I know you know, to me you're everything  
Whoa, whoa yeah, it's a good day  
And I feel my life is changing

I found a piece of what was left  
A mark that runs deep within this chest  
I know in my heart what's best is right in front of me  
I can just see us in the streets  
Beneath all the stars just you and me  
Together as one we'll stand, each hand in hand  
You're all I ever needed

Whoa, whoa yeah, it's a good day  
I know you know, to me you're everything  
Whoa, whoa yeah, it's a good day  
And I feel my life is changing  
And I feel my life is changing

Whoa, whoa yeah, it's a good day  
I know you know, to me you're everything  
Whoa, whoa yeah, it's a good day  
And I feel my life is changing

Whoa, whoa yeah, it's a good day  
I know you know, to me you're everything  
Whoa, whoa yeah, it's a good day  
And I feel my life is changing

(Whoa oh, whoa oh oh) It's a good day  
(Whoa oh, whoa oh oh) It's a good day  
(Whoa oh, whoa oh oh) It's a good day  
(Whoa oh, whoa oh oh)
