

Dark Bloom

Amber Run

Come a little closer
Feel it begin
Just don't forget to turn the lights off
So we can a love a little darker

'Cause I worshipped you, oh I worshipped you
Like I'd always wanted to
'Cause you, you're a dark bloom
You brought me down to my knees and I'm haunted by you

Oh, I worshipped you, I worshipped you

Step out into the blue
I'm invited by you
Oh, I worshipped you, oh I worshipped you
Oh, I worshipped you, now I'm haunted by you

Fall a little further
You smile a little wider
Just don't forget to turn the lights off
So you can love a little darker

'Cause I, I worshipped you, I worshipped you
Like I'd always wanted to, always wanted to
'Cause you, you're a dark bloom
You brought me down to my knees and I'm haunted by you

Oh, I worshipped you, I worshipped you
Step out into the blue, I'm invited by you
Oh, I worshipped you, I worshipped you
Oh, I worshipped you, oh, I'm tortured by you

'Cause I, I worshipped you, I worshipped you
Like I'd always wanted to, always wanted to
'Cause you, you're a dark bloom
And I worshipped you, and I worshipped you
