

## Dark Bloom

Amber Run

Come a little closer  
Feel it begin  
Just don't forget to turn the lights off  
So we can a love a little darker

'Cause I worshipped you, oh I worshipped you  
Like I'd always wanted to  
'Cause you, you're a dark bloom  
You brought me down to my knees and I'm haunted by you

Oh, I worshipped you, I worshipped you

Step out into the blue  
I'm invited by you  
Oh, I worshipped you, oh I worshipped you  
Oh, I worshipped you, now I'm haunted by you

Fall a little further  
You smile a little wider  
Just don't forget to turn the lights off  
So you can love a little darker

'Cause I, I worshipped you, I worshipped you  
Like I'd always wanted to, always wanted to  
'Cause you, you're a dark bloom  
You brought me down to my knees and I'm haunted by you

Oh, I worshipped you, I worshipped you  
Step out into the blue, I'm invited by you  
Oh, I worshipped you, I worshipped you  
Oh, I worshipped you, oh, I'm tortured by you

'Cause I, I worshipped you, I worshipped you  
Like I'd always wanted to, always wanted to  
'Cause you, you're a dark bloom  
And I worshipped you, and I worshipped you
