

Fickle Game

Amber Run

I wanna be older, I wanna be stronger
I don't wanna fall at the start
I wanna be quicker, I wanna get closer
Don't wanna feel worlds apart

Cause I'm fast enough to get in trouble, and not fast enough to
get away
I'm old enough to know I'll end up dying
And not young enough to forget again

It's all a fickle game
Life's a fickle game we play

I wanna be older, I wanna be stronger
I don't wanna fall at the start
I wanna be quicker, I wanna get closer
I don't wanna feel worlds apart

Cause I'm fast enough to get in trouble, and not fast enough to
get away
And I'm old enough to know I'll end up dying
And not young enough to forget again

It's all a fickle game
Oh life's a fickle game we play

It's a fickle game

Cause I'm fast enough to get in trouble, and not fast enough to
get away
And I'm old enough to know I'll end up dying
And not young enough to forget again

I'm sick of fickle games
It's life's a fickle game we play
