Amber Run

If you don't know where you're going  
You're scared of what you might find  
If you feel like an island  
Stuck inside a maze in your mind

When you drown, I'll drown

We started as a fever  
We turned into an ache that never goes  
And if I couldn't fix it  
I guess, well now you're better off alone

When you drown, I'll drown  
And I know you'll fall in love again  
When you do, I hope you'll find somebody  
Who you can love like I love you

It happened piece by piece  
It happened just a little at a time  
And then the bruises started showing  
Joined up in neat little lines

When you drown, I'll drown  
When you drown, I'll drown

And I know you'll fall in love again  
When you do, I hope you'll find somebody  
Who you can love like I love you

(You drown, you drown  
You drown, oh, you drown)

And I know you'll fall in love again  
When you do, I hope you'll find somebody  
Who you can love like I love you
