Amber

Woh-u-woh  
Woh-u-woh

Show me the colour of love  
Somehow it seems like a sign from above  
Get closer, love is all we need  
The colour of love

I have been watching you all night  
And I know you can feel it too  
I'm trembling inside  
I love you

Woh-u-woh  
Back in time we met  
Those days we had I'll never forget  
Woh-u-woh  
I can't live without you  
A love so true

Show me the colour of love  
Somehow it seems like a sign from above  
Get closer, love is all we need  
The colour of love

True love is what you've given me  
I'll be there if you feel the same  
You're the one I see  
There's no shame

Woh-u-woh  
Back in time we met  
Those days we had I'll never forget  
Woh-u-woh  
I can't live without you  
A love so true

Show me the colour of love  
Somehow it seems like a sign from above  
Get closer, love is all we need  
The colour of love
