

In Control

Amber

Time and time again my life has shown me
To consider twice
To fight an urge and slow down my reaction
Every time I feel so restrained

It takes time to think over just what you're feeling
When someone has hurt you inside
It takes strength, strength to stay in control
When deep down you want to explode

I'm the one that is in control
I won't strike whenever you choose to hurt me with all your lies
I won't fall, I won't cry
To show you how I'm better off, I'm in control of my life

Let me tell you some things to know about me
Try figure out this
I will not turn my back on you whenever
Life decides to turn back on you

Don't play with my emotions, don't be mistaken
I will walk away if I should
I have learned, yes, learned from the very best
So don't you now try to impress

I'm the one that is in control
I won't strike whenever you choose to hurt me with all your lies
I won't fall, I won't cry
To show you how I'm better off, I'm in control of my life

Now that I can do things on my own
I can live and be who I am
There'll be no looking back
I love who I've become...

(I'm the one that is in control)
Yeah... (I won't strike whenever you choose to hurt me with all your lies)
All your lies... (I won't fall, I won't cry)
(To show you how I'm better off, I'm in control of my life)

I'm the one that is in control
I won't strike whenever you choose to hurt me with all your lies
