

Lost Soul

Amberian Dawn

Leaving his dreams and family
Leaving the life behind
Searching his will and
Searching his hope
Searching the peace of mind
Off to the valley
Off to the shore
Off to the seven seas
Wandering man and
Wandering soul
Wander land of dreams
Chorus:
Now long and dark is the road
And heavy is the load
And you're about to fall into emptiness
Your eyes are losing the light
2x
Take me into your arms
Take away
Take me with thee and flee
Calm restless heart
Calm sirens call
Calm me before I fall
Aching in me and
Ache in my veins
Ache from the venom sweet
Forgive me my love
I'm already lost
No more for you to keep
