Tattoos on her back she got her back out  
Pocket full of blues I brung them racks out  
Booty booty booty whopping everywhere we got Choppas everywhere  
She throwing ass on the gram like she don't care  
Hit her from the back while I pull a bitch hair  
This her anthem when she wit her friends she be lit like a candle  
Her friends hate me she like damn I can't stand him  
She got two hands but I'm to much to handle  
Crop top thick thang wit open toe sandals  
She like how I look and I like how she talk  
Look on my phone and I see a miss call  
Don't worry bout noting Ima teach them how to ball  
Dior LV I be dripping when I walk

She pool side wit her ass out  
Tattoos on her back she got her back out  
Pocket full of blues I brung them racks out  
Booty booty booty whopping everywhere we got Choppas everywhere  
She throwing ass on the gram like she don't care  
Hit her from the back while I pull a bitch hair

Ooh she smell good I be feeling on her body

Hundred racks in bag wit a bad bitch beside me

She pool side wit her ass out  
Tattoos on her back she got her back out
