

Ay, it cost to live like this you hear me

Niggas can't fuck with me on my worst day
Everyday I live this shit like my birthday
She gon' do it for the Jaay cause I'm first place
Niggas hoes, niggas fruit, niggas cupcakes
Big Glock hit his head do em the worst way
On the phone with Ben Frank, what's the update
Every time she eat me up, I'm finna fuck face
Them demons come out at night, that's why I'm up late

In a Benz fly as fuck when I jump out it
I went platinum, but I'm still thuggin' in public housing
I feel good, every time that money be something
Tequila straight to the head, I'm on that Reposado
Catch a body man down, hit em with a hollow
Ay, I always do it big, man, this shit colossal
Niggas say he can fuck with me, April fools
I'm the one, not the two, I do what I do
Pocket full with them blues, I'm the one she choose
Oohwee the whole scene when I'm steppin' through
I'm a no-show if I can't get that weapon through
I'm a cold individual to tell the truth

Niggas can't fuck with me on my worst day
Everyday I live this shit like my birthday
She gon' do it for the Jaay cause I'm first place
Niggas hoes, niggas fruit, niggas cupcakes
Big Glock hit his head do em the worst way
On the phone with Ben Frank, what's the update
Every time she eat me up, I'm finna fuck face
Them demons come out at night, that's why I'm up late

Why you niggas love to hate, y'all don't get paid for it
I just told her, check it out and put that face on me
They like, Jaay, when you gon' drop, told him, wait on it
Chopstick, make a nigga flip, put some skates on him
Baby threw that pussy at me, I ain't gon' play with it
Man she say it hit different when the Jaay hit it
I could be some Millions up and be the same nigga
Big Uchis all in my pocket, to the face with it
She can't really feel her body off them casa shots
Smellin' good, that's Baccarat Pull up, let the choppy pop
I'ma keep doing me this shit and never stop
In a Benz with a bad bitch, getting some sloppy top

Niggas can't fuck with me on my worst day
Everyday I live this shit like my birthday
She gon' do it for the Jaay cause I'm first place
Niggas hoes, niggas fruit, niggas cupcakes
Big Glock hit his head do em the worst way
On the phone with Ben Frank, what's the update
Every time she eat me up, I'm finna fuck face
Them demons come out at night, that's why I'm up late

Ay, it cost to live like this you hear me
