Ay, it cost to live like this, you hear me  
Ay, I'm still lit from yesterday, I ain't doin' no stoppin'  
Bad lil' bitch, that's my prettiest problem  
Hit her to my song, lil' bae, I'm kinda toxic

She say, do, I want some head, duh, I want it sloppy  
Bands in my pocket, no rubber band, get it poppin'  
Yeah, I feel like Peezy, ain't no switchin' if we locked in  
Freak bitch, she pulled it out my pants and put it right in

Give her back shots so you ain't know I'm the pipe, man  
How you ain't know it's dog shit on the floor  
Kill the pussy leave it soaked she scream my name when I poke  
Bitch, stop playin', put this meat up in your throat

Freak bitch, freak bitch, freak bitch, freak bitch  
Take the pussy right out the panties, let me see it  
Bust it down, go round for round, give her deep dick

Make her scream my name when I hit her with this meat stick  
Turn around, bust it down, tear it up and slut you out  
Shake that ass like that, that's what I'm talkin' bout  
Wop, wop, wop, wop, wop, make that ass bounce
