

Hold Up

Ambjaay

I'm dripping hard yeah you know I put that shit on
She see me she chose up now his bitch gone
I can give you something you can sit on
Looking like money every time I put a fit on
A hold up wait a minute
Let me put some Jaay in it
Hold up wait a minute
Let me put some Jaay in it

I feel like Amb in twenty nineteen
I still got bitches in the lot now but they on they knees
Lanvin on my feet when my chain on freeze
And my heart on cold but my mind on green
Oohwee watch I kill the scene
I'm all in when it come to the cream
Lean wit it rock wit it
Who that nigga think he is he a hot nigga
If you hating then you know I'm allergic
I'm a the door for the rent money like Miss Perly
Wash the block with chopsticks like detergent
I be flexing blue faces on purpose

I'm dripping hard yeah you know I put that shit on
She see me she chose up now his bitch gone
I can give you something you can sit on
Looking like money every time I put a fit on
A hold up wait a minute
Let me put some Jaay in it
Hold up wait a minute
Let me put some Jaay in it

I don't love no thotties tats on my body
Jaay you gone take me serious I say probably
Never mind I lied cause I'm Mr chase broccoli
I'm with Mike getting bottles at poppy
I'm dripping hard gone do what you do wit it
I'm flexing hard don't mistake me for a new nigga
Maserati sliding I just really blew the coup wit it
Two Chains two bitches
Bitch you know I'm two different

I'm dripping hard yeah you know I put that shit on
She see me she chose up now his bitch gone
I can give you something you can sit on
Looking like money every time I put a fit on
A hold up wait a minute
Let me put some Jaay in it
Hold up wait a minute
Let me put some Jaay in it

Aye it cost to live like this you hear me
