

Hypnotize

Ambjaay

So hypnotized
So hypnotized

You got me so hypnotized
The way your body moving round and round
So hypnotized
I'm finna grab on your thighs
Pull on your hair every time I beat it down
So hypnotized

Got you hypnotized
Bae you the one, can't even lie
Hennessy on ice, to set a vibe
Celine on her purse, it match her fly
Catch a flight, just you and I
When I gave her this dick, she get butterflies

Michael Phelps in that pussy, I'm finna dive
Every time we fuck look me in the eyes
Beat it up, beat it up when I stick it
Rearrange your guts when I'm in it
She a bad lil' thing, sittin' pretty
You can get what you want, don't feel timid
She like Jaay, you not like other niggas
I know you want hugs and kisses
Make you scream my name when I'm in it
You the type that I like in a minute

You got me so hypnotized
The way your body moving round and round
So hypnotized
I'm finna grab on your thighs
Pull on your hair every time I beat it down
So hypnotized

Feel on your body
Want you beside me
That pussy got grip, I like when you wet
I like when you ride it
You bright like a diamond
Cute face, you a dime piece
Pullin' on your hair, grabbin' on your waist
Every time you ride me

Tell me you never just wanna lose me
Beat you right from the back and go stupid
I like when she smile, she a cutie
Baby back, fell in love with the coochie
And I got a thing and we got a thing
She my bad lil' juvie
The realest, the baddest, the cutest
We can do our thang, make a movie

You got me so hypnotized
The way your body moving round and round
So hypnotized
I'm finna grab on your thighs

Pull on your hair every time I beat it down
So hypnotized

Ay, it cost to live like this you hear me
So hypnotized
So hypnotized
