

Lights Out

Ambjaay

Big chop, knock yo lights out
I need some M's like right now
When she throw it, she get piped down
I'ma score fuck a rebound
Lil' niggas ain't in my league now
Fit cost a whole fee now
These niggas fake, but I see now
I'm who these niggas wanna be now

A big chop let it stutter make it repeat
I let that bitch bang, no Chief Keith
I never cuff that bitch shit, eat, eat
Came from nothin', flood my neck with all VVs
Got it on every time you niggas see me
Pussy wet like water, Fiji
I can't see broke niggas like I'm Stevie
You a lil' boy, you a peewee
Ay, I'm lookin' like money
Yeah, I'm lookin' like money
If you ain't been in my shoes, don't tell me nothin'
Slide on his block with big chop, he get to runnin'
My young nigga been steppin' so long he, got bunions
Grrrah, red beam, at his oinion
223 shells, crack a nigga pumpkin
This how I look when you really came from nothin'

Big chop, knock yo lights out
I need some M's like right now
When she throw it, she get piped down
I'ma score fuck a rebound
Lil' niggas ain't in my league now
Fit cost a whole fee now
These niggas fake, but I see now
I'm who these niggas wanna be now

Grrrah, that's how that choppa sound
Put some titties on the choppa, bust another round
Swear I been him since Trena ultrasound
Chrome heart, B22, yeah, I'm drippin' down
Niggas say he really ballin', but he out of bounds
When it come to them bands, I need a large amount
Ay, let that chop blow, knock yo lights out
Amiri sweater all white like the White House
Free slime, I show a bitch my lifestyle
Niggas don't want smoke, no White Owl
How you feelin'? Man, I need an M right now
Catch a opp, let it pop, pull the pipe out

Big chop, knock yo lights out
I need some M's like right now
When she throw it, she get piped down
I'ma score fuck a rebound
Lil' niggas ain't in my league now
Fit cost a whole fee now
These niggas fake, but I see now
I'm who these niggas wanna be now

Ay, it cost to live like this you hear me
