Feelin' Alive Again

Ambrosia

When I can't count on no one else and nothin' seems true Then I
 begin to doubt mvself and I come to you
You've cried with my disappointments
And laughed at my lies
Showed me the way to live again and I realize
I realize
That I'm feelin' alive again
Feelin' like a real man
Feelin' alive again
Feelin' like a real man
Babe, tell me what you do
To make every single dream come true
You give it all and now I'm givin' it back to you
Wherever we may choose to live the rest of our lives
If this is the best that we can give you know it's all right Th
ere may be expectations that we hold inside
As long as we live up to this love we'll be all right
'Cause I'm feelin' alive again
Feelin' like a real man
Feelin' alive again
Feelin' like a real man
You know that I do feel about you
You know that I do feel about you
Maybe it's all behind us now, we're not so far
To find everything we need somehow right where we are There are
 no hesitations, only the way
To live inside your love again
And here I will stay
Here I will stay
'Cause I'm feelin' alive again
Feelin' like a real man
Feelin' alive again
Feelin' like a real man
