

Primitive (The Way I Treat You)

Ambulance Ltd

Feel sick without you and i can't let you go
i told you i don't want to but you don't let me say no
i drop a wire to your mom and your dad and say
"relax, don't think about the way i treat you"

shake humble hands with a far away neighbor
take part in somethin you can sure understand
you're now allergic to the rumble and noise
so relax, don't think about the way i treat you

(uh-huh)

well i've got the time
and i found a way
and i really want you
and you really want to

sent from st. louis with a bomb in his brain
he drove his brand new sports car on a national campaign
he's not affected by the rallies and wars and says
"relax, don't think about the way i treat you"

(believe me)

you learn to walk at a comfortable slumber
pursuing numbly toward sure history
you don't remember and it's not important
so relax, don't think about the way i treat you

(yeah)

well i've got the time
and i've got a way
and i really want you
and you really want to

and i've got the time
well i found a way
and i really want you
and you really want to

i've got the time
and i found a way
and i really want you
and you really want to

(and you really want to)

relax, don't think about the way i treat you (and you really want to)
relax, don't think about the way i treat you (and you really want to)
relax, don't think about the way i treat you (and you really want to)
relax, don't think about the way i treat you (and you really want to)
relax, don't think about the way i treat you (and you really want to)
relax, don't think about the way i treat you (and you really want to)
relax, don't think about the way i treat you
