... Brown skin ting, I got it like that
Face on beat and you know my shit slaps
Got the sauce on spill, more drip than a tap
Coming from the trap, really no cap
Don't know how to act, I ain't into all the chat
And when I'm on top, boy you know I never lack
Baby you can push up on it, guarantee I'll bring it back
Gotta make it count, cause if your D game dead then I can't add you to my bo

How about we play roles for the night
Downstairs got a leak, I'ma need you to lay the pipe
Do it right
