

# Beyond the Darkness

Amduscia

why you see the other side  
in my nightmares  
when you feel, when i`m sick  
hey! you call me now

i see the other side

in my suffering death  
i cry in my loneliness  
in my loneliness alive  
the hate between the demon and god

i see the other side

f\*\*\*king bitches burning in hell for you  
while your heaven is so bored for me  
no more f\*\*\*king lies  
no more f\*\*\*king christ  
no more f\*\*\*king bitches in my life

i see the other side

in my suffering death  
i cry in my loneliness  
in my loneliness alive  
the hate between the demon and god

i see the other side

while your heaven is so bored for me  
nothing my friend, i just can see your lies
