

# I'll Hate You

**Amduscia**

If you hate me nobody cares about you i can be your god and bleed you with my insults or kneel before my feet like the demon that you bring from inside

What you prefer? lick my boots or turn around what you prefer? i'll kick your ass or go f\*\*k yourself

I'll hate you I'll hate you more than your bitch mom

I'll kick you I'll kick your ass and you lick the blood

My boots will be cover of your blood dont see me direct to my evil eyes

If you hear this song and i piss you off is because this song its for you you can hate me but never you can hurt me your head always will be under my boots
