

Touch That (kill Your Thoughts)

Amduscia

Here I come with my best intentions
Only to differ the human innocence and intelligence
Calm down!
I wait for your conclusion
Stupid or so clever wait!
But your conclusion is not the same like as mine
All is broken
All is broken
Is sick your brain?

Special thoughts are in your head
Nobody hears
That you can scream
Stupid maniac
Always is your pride

Touch that spit your thoughts
Touch that just kill your thoughts

This is your place for all your life
Can you believe that bad lie

Decide your way
If you want to die
Decide your way come on
Come on

A narcotic drugs maybe can help
Or a bullet in your head

Touch that spit your thoughts
Touch that just kill your thoughts

Special thoughts are in your head
Nobody hears
That you can scream
Stupid maniac
Always is your pride

Touch that spit your thoughts
Touch that just kill your thoughts

Special thoughts are in your head
Nobody hears
That you can scream
Stupid maniac

A narcotic drugs maybe can help
Or a bullet in your head

A narcotic drugs maybe can help
Or a bullet in your head

Here I come with my best intentions
Only to differ the human innocence and intelligence
Calm down!
Touch that spit your thoughts

Touch that just kill your thoughts
