

Danger

Amel Larrieux

Danger
Somebody's near
They don't want you
To know or to hear
Keep you silent
So you disappear
Teach you fear
So you forget yourself

Danger
Watch what you say
Don't look at them
In the wrong way
They want you stupid
So you obey
Teach you hate
So you forget yourself
Never forget yourself

Close your eyes and
You will really see
All that you are handed
Comes from a thief
Take not what they feed
Their poison is sweet

Danger
Somebody's near
