

Soon

Amel Larrieux

Soon

I'll take you to the ocean
And we'll take off our shoes
Into the blue, steady and true
Running deep, I'm running too
I'm water inside like my blue

Soon

Afternoon
If we're hungry
We'll feed on the view
That's my blue, giving and true
Running deep, I'm running too
I'm water inside like my blue

Soon

We'll dive through waltzing waves
And we'll be dancing too
Into my beautiful blue, open and true
Running deep, I'm running too
I'm water inside like my blue

I am the sign of Pisces

For 9 months

My mother was the sea

Blue in my throat and my speech

Color of spirit and clarity

Soon

Me and you

Will float on our backs

Look up at my sister the moon

In the other blue, steady and true

Running deep, I'm running too
