

# Heartbeat

Amelia Lily

No, better feel love like this  
It doesn't make an amend for happy days  
No, better just save the kiss  
I gotta get my ticket to ride away  
I feel you, I see you come alive  
I feel high like I live for the very first time

And everything I know is always hidden in a heartbeat, in a heartbeat  
Baby, oh and everything I know, I keep it hidden in my heartbeat, in my heartbeat, baby oh

Some say I'm a fool for love  
But I'm not listening to a word they say  
I'm keeping my eyes wide shut  
Cause I'm not ever letting this feeling fade  
I feel you, I see you come alive  
I feel high like I live for the very first time

And everything I know is always hidden in a heartbeat, in a heartbeat  
Baby, oh and everything I know, I keep it hidden in my heartbeat, in my heartbeat  
Baby, oh and everything I know, is always hidden in my heartbeat, in my heartbeat  
Baby, oh and everything I know, I keep it hidden in my heartbeat, in my heartbeat, baby oh

No, I won't forget this feeling  
I'm never gonna break it apart, oh no  
You and me will never be together  
So baby can't you love it, oh!

And everything I know is always hidden in a heartbeat, in a heartbeat  
Baby, oh and everything I know, I keep it hidden in my heartbeat, in my heartbeat  
Baby, oh and everything I know, is always hidden in my heartbeat, in my heartbeat  
Baby, oh and everything I know, I keep it hidden in my heartbeat, in my heartbeat, baby oh
