

easy

Amelia Moore

Easy like Sunday mornin', easy like liquor pourin'
Easy like a vacation, we sippin' on somethin' foreign
Easy like HOV lane, easy like peel an orange
Easy lovin' you, lovin' me's easy, don't gotta force it

Damn, didn't even know the bar was set so low
Last one had me beggin' for the bare minimum
That's the reason I been geekin'
'Cause I'm scared I'm into ya, I'm into ya

First time was a doozy, bleedin' on the duvet
I was freakin' out, thought you'd be freakin' out
But we just pulled the sheets off, put a towel down
You know how to woo me
You know how to mm, ayy
You know how to, okay

Didn't know fallin' this hard
Could be so easy (Easy)
Easy (Easy)
So easy (So easy)
Didn't know fallin' this hard (Hard)
Could be so easy (Easy)
So easy (So easy)
So easy, easy (Uh)

(Ha) I'm tellin' you how I feel (Ha)
You're tellin' me how you feel (Ha)
And it's not a big deal
Didn't know this shit could be real (Ha)
Know you scared to double text
I ain't hung up on my ex
Now I'm standin' at the counter
'Boutta buy you peanut butter at the CVS

Friends with your roommates, goin' to the movies
I was freakin' out, thought you'd be freakin' out
But you just grabbed my face and started makin' out
You know how to woo me
You know how to mm, ayy
You know how to, okay

Didn't know fallin' this hard
Could be so easy (Easy)
Easy (Easy)
So easy (So easy)
Didn't know fallin' this hard (Hard)
Could be so easy (Easy)
So easy (So easy)
So easy, easy

Easy like Sunday mornin', easy like liquor pourin'
(So easy, easy, so easy, easy)
Easy like a vacation, we sippin' on somethin' foreign
(So easy, easy, easy)
Easy like HOV lane, easy like peel an orange
(So easy, easy, so easy, easy)

Easy like lovin' you, lovin' me's easy, don't gotta force it
(So easy, easy, easy)
Easy like Sunday mornin', easy like liquor pourin'
(So easy, easy, so easy, easy)
Easy like a vacation, we sippin' on somethin' foreign
(So easy, easy, easy)
Easy like HOV lane, easy like peel an orange (Easy, easy)
Easy like lovin' you, lovin' me's easy, don't gotta force it (Easy, easy)
