

spelling bee

Amelia Moore

Saw you hop out that truck
Started to feel some things
Buzz cut and that Acne jacket
Ass so cute in them jeans
You were like, "Damn, you sexy"
And I was like OMG
You keep talking like that, might have to use my freedom of speech

How do I say
What's on my brain?
You say, "Babe, maybe you can write it down"
Oh, okay

F-U-C-K me in the B-E-D of the G-M-C, oh baby
So W-E-T when you B-E-G for my L-O-V-E, oh baby
If you're liking the way I spell it out
You'll love the way I put it down
F-U-C-K me in the B-E-D of the G-M-C, oh baby

How would you use "sex" in a sentence?
We could be the people, places, and things
If you get it right, we can get it in
What's a synonym for no sleep?
Talkin' 'bout wants and needs
Talkin' 'bout on my knees
Why you still wearing them jeans?
Can you take 'em off now please?

How do I say
What's on my brain?
You say, "Babe, maybe you can write it down"
Oh, write it down
Okay

F-U-C-K me in the B-E-D of the G-M-C, oh baby
So W-E-T when you B-E-G for my L-O-V-E, oh baby
If you're liking the way I spell it out
You'll love the way I put it down
F-U-C-K me in the B-E-D of the G-M-C, oh baby

You was like L-O-L
I was like W-Y-D
You said, "I'm at JFK"
So I had to send an SUV
Pull up, thicc body (Skrرت)
Baby, do I gotta S-P-E-L-L it O-U-T for you to meet me back at my place?
You ate that
I can write it down on a sticky
And get it to you soon as you with me
Baby, give me something I can write about
Yeah, yeah

F-U-C-K me in the B-E-D of the G-M-C, oh baby
So W-E-T when you B-E-G for my L-O-V-E, oh baby
If you're liking the way I spell it out
You'll love the way I put it down
F-U-C-K me in the B-E-D of the G-M-C, oh baby
