

# Silent Pause

Amenra

Your silence rings  
Rings in my ears  
Long after you  
You are gone

Your silence rings  
Rings in my ears  
Long after you  
You are gone

And silence hurts at times like these  
And silence can be very noisy  
(Trust me)  
And silence hurts at times like these  
And silence can be very noisy  
(Trust me)

Your silence rings  
Rings in my ears  
Long after you  
You are gone

Your silence rings  
Rings in my ears  
Long after you  
You are gone

And silence hurts at times like these  
And silence can be very noisy  
(Trust me)  
And silence hurts at times like these  
And silence can be very noisy  
(Trust me)

My dearest scattered heart  
If I only could shelter you from that pain  
My dearest scattered heart  
If I only could shelter you from that pain  
My dearest scattered heart  
If I only could shelter you from that pain  
(Just to make it easier on you or me?)

Can you see my pain?  
Could you bear this pain?  
Would you bear this pain?  
Can you feel my pain?

Can you see my pain?  
Could you bear this pain?  
Would you bear this pain?  
Can you feel my pain?

Can you see my pain?  
Could you bear this pain?  
Would you bear this pain?  
Can you feel my pain?

Can you see my pain?  
Could you bear this pain?  
Would you bear this pain?  
Can you feel my pain?
