She's Beside You

America

```
Do wop, do wop ...

You've got to give, you've got to live
You've got to show everyone that you know
Till you know she's beside you
Till you know she's beside you

You've got to shout all about
You've got to tell everyone that you know
Till you know she's beside you
Till you know she's beside you

'Cause I know just how it feels
To find that love is real, so real

You've got to shout all about
You've got to tell everyone that you know
Till you know she's beside you
Till you know she's beside you

'Cause I know just how it feels
To find that love is real, so real

You've got to give, you've got to live
You've got to show everyone that you know
Till you know she's beside you
Till you know she's beside you
Till you know she's beside you
Till you know she's beside you

Do wop, do wop ...
```
