

Unconditional Love

America

Unconditional love
Unconditional fear
Unconditional support
In your time of need
Oo, it's unconditionally true
Oo, it's unconditionally me
Unconditionally you

It's a spiritual world
When the darkness comes
But you gotta hold your head up
Hold your head up high
Oo, you got to take a look around
Oo, and listen when you hear the sound
Unconditional love (love)

This is right, this I know
I found out, long time ago
Someday baby we'll get there I know, oh, oh

Unconditional love
Unconditional hope
Unconditional desire
To have it work out fine
Oo, it's unconditionally true
These things we're dreamin' of
Oo, it's unconditionally yours
Unconditional love (love)

Oo, it's unconditionally true
These things we're dreamin' of
Oo, it's unconditionally yours
Unconditional love (love)
