

## No One Else on Earth

American Aquarium

I've been a rock and I've got my fences, I never let them down  
When it comes to love, I keep my senses, I don't get kicked around

I shivered once, you broke into my soul, the damage is done now  
I'm out of control

How did you get to me?  
No one else on earth could ever hurt me  
Break my heart the way you do  
No one else on earth was ever worth it  
No one could love me like  
No one could love me like you

You can make me want you anytime you want to, you're burnin' me  
alive  
I can't deny you even when I catch you, weaving a weak alibi  
'Cause when the night falls you make me forget your love is killing me  
And it ain't over yet

How did you get to me?  
No one else on earth could ever hurt me  
Break my heart the way you do  
No one else on earth was ever worth it  
No one could love me like  
No one could love me like you

I shivered once, you broke into my soul  
The damage is done now  
I'm out of control

How did you get to me?  
No one else on earth could ever hurt me  
Break my heart the way you do  
No one else on earth was ever worth it  
No one could love me like  
No one could love me like

No one else on earth could ever hurt me  
Break my heart the way you do  
No one else on earth was ever worth it  
No one could love me like  
No one could love me like you
