

# Same Bed

## American Authors

I've been driving back and forth through the desert  
Singing Mr. Bright Side  
Trying to pass the time

Lovely baby you're so lovely even through my iPhone screen  
'Cause when you leave the city when you leave the city all the colors seem so bleak

Long-distance runaround  
Just tell me when and where  
I'll be there before sundown

I've been driving back and forth through the desert  
Singing Mr. Bright Side  
Trying to pass the time  
'Cause I can't wait  
To fall asleep in the same bed as you tonight

Lucky baby I'm so lucky, every day's a holiday  
Trust me baby you can trust me  
Anywhere you're going, I will find a way to you

I've been driving back and forth through the desert  
Singing Mr. Bright Side  
Trying to pass the time  
'Cause I can't wait  
To fall asleep in the same bed as you tonight

I've been driving back and forth in stormy weather  
Singing all the small things  
Trying to pass the time  
'Cause I can't wait  
To fall asleep in the same bed as you tonight

Long-distance runaround  
Just tell me when and where  
I'll be there before sundown

I've been driving back and forth through the desert  
Singing Mr. Bright Side  
Trying to pass the time  
'Cause I can't wait  
To fall asleep in the same bed as you tonight

I've been driving back and forth in stormy weather  
Singing all the small things  
Trying to pass the time  
'Cause I can't wait  
To fall asleep in the same bed as you tonight

The same bed as you tonight  
The same bed as you tonight

I'm coming out of my cage  
And I've been doing alright

In the same bed as you tonight

Saying it's all  
I do not go

The same bed as you tonight
