

# We Happy

American Authors

I felt lost head in the ground  
Got nervous in big city crowds  
But all that changed when I met you  
Got off rhythm lost my groove  
Some days my body barely moves  
But all that changed when I met you

Ooooo I got sunshine even on a cloudy day  
Don't care what other people say  
We happy don't worry  
Ooooo I got sunshine even when it's pouring rain  
I'm feeling like a brand new me  
We happy don't worry

I used to toss n turn all night  
Sleep in all afternoon delight  
But all that changed when I met you

Ya I I've been waiting all my life  
For a chance for a chance for a chance to be surprised

Ooooo I got sunshine even on a cloudy day  
Don't care what other people say  
We happy don't worry  
Ooooo I got sunshine even when it's pouring rain  
I'm feeling like a brand new me  
We happy don't worry

We happy don't worry  
We happy don't worry  
We happy don't worry  
We happy don't worry

Ooooo I got sunshine even on a cloudy day  
Don't care what other people say  
We happy don't worry
